**timnah sommerfeldt** (balance alliance, enterbt rec.; basel) grew up in a literally jazzy vibe. that's arguably a reason why she sounds so incredible wise for her relatively young age. nevertheless she had to acquire her very own musical field! brightly succeeding in electronic music, she seems to draw on almost unlimited resources and deals with house, techno and dubstep as free as one can wish. timnah sommerfeldt represents a new generation of djs/producers who give a f\*\*\* on genre and tempo limits. this attitude serves our fun and essentially cultivates our appreciation of art!
